

Tier 3 designed facilities with excellent connectivity

atNorth's newest state-of-the-art data center, SWE01 DC, is located in Kista (Stockholm), the largest Information and Communications Technology cluster in Europe. The data center is just a stone's throw away from Arlanda International Airport and a short train/car ride from Stockholm city center.

Extreme Power Density

Up to 40kW air cooled / 100kW liquid cooled

High Energy Efficiency

Heat reuse to lower CO₂ footprint

Excellent connectivity

Fast and reliable
Pan-European connectivity

Ultra secure

Tier 3 design · Skyddsklass 3
(Swedish Class 3 Compliant)

Facility - SWE01 DC

Gross Space	6.000 m ²
Available capacity	11,2 MW
Number of racks	Up to 1200

Power and Cooling

DCPro¹

Redundant power supply	Yes
UPS systems	Yes
Diesel backup generators	Yes
Carbon free (green) energy	Yes
Cooling system	Heat Recovery System
Air cooled rack density	up to 40kW
Liquid cooled rack density	+ 100 kW
Energy efficiency	Heat Reuse

Security

Smoke & fire detection systems	Yes
Fire suppression systems	Yes
Secure perimeter and access layers	Yes
Registered access control	Yes
Active access logging and anti-passback	Yes
Security & operational monitoring	Yes

Additional Facilities

Hot desks available for customers	Yes
-----------------------------------	-----

Certifications

ISO/IEC 27001:2013 - Information Management Security	Yes
Redundancy Design	Tier 3

¹ DCPro, our Tier 3 designed facilities give you the ultimate flexibility to get the most cost efficient colocation for your infrastructure.
